

POST CONSTRUCTION CERTIFICATE

This certificate must be submitted with the final billing. The form must be signed by the project sponsor and by the architect or engineer who supervised the construction. If the project did not involve a contract architect or engineer, the project sponsor's architect, engineer or project manager should inspect the project and sign the form.

As-Built Plans

One copy of as-built plans must be submitted to the Grants Management Section, with a copy retained in the project sponsor's file. If deviations in design or site location were not made to plans previously submitted the Grants Management Section, a set of the original as-built plans with a revised date is sufficient. As-built plans must include:

- a) A site plan showing the location of the project area and any trailhead/trailside facilities.
- b) Elevations and floor plans of structures.
- c) A stamp by a certified architect or engineer, if the project involved either.

POST CONSTRUCTION CERTIFICATION:

I hereby certify that construction of Recreational Trails Program Project Number _____ has been completed in accordance with the original and revised plans and specifications on file with the Grants Management Section. The plans and specifications are consistent with the scope of the project approved by the Federal Highway Administration and the Grants Management Section, on behalf of the Missouri Department of Natural Resources. The project has been constructed in accord with all applicable federal, state and local building rules and regulations and is acceptable for public use.

A RESPONSIBLE OFFICIAL FROM THE SPONSORING ORGANIZATION MUST SIGN AND DATE THE CERTIFICATION
