TRAVELOK.COM  
COME SEE FOR YOURSELF!

# Land Management

How do you address  
Invasive species ?

What are your  
prescribed burning  
hurdles/ challenges?

Do you use chemical  
controls? (issues/  
costs )

Do you use  
mechanical control  
alternatives?

# Filming in State Parks

- Do you have standards for recovery of direct and indirect costs?
- What are your requirements for resource protection?
- How do you avoid park closures?

# Use Permitting

- What commercial business activities are permitted?
- Which are non-competitive?
- What are the considerations for non-concessions using park resources?
- What are the fees/rates?

# Alternate Housing

How do your  
Health  
Department and  
Fire Marshall's  
Office respond to  
new trends in  
housing?
