

S'mores and Cicadas

**Big Sugar Creek State Park
Saturday, June 15, 2024, 7 p.m.**

6727 Big Sugar Creek Road, Pineville, Mo.

This year, the annual cicadas are emerging alongside the cicadas of Brood XIX, which emerge just once every 13 years! Join us to learn about and listen to these amazing insects. Then, stick around to make a s'more! This free program will take place in the area around the parking lot and trailhead. Please bring a lawn chair or picnic blanket along with insect repellent and a flashlight. For more information, call the Roaring River State Park naturalist at 417-847-3742.
