

MASTODON STATE HISTORIC SITE GEOLOGICAL ERAS TOUR

SUNDAY, SEPTEMBER 24 2 P.M.

Join us for a Geological Eras Tour along the Wildflower Trail. On our half-mile walk, we'll cover 550 million years of planetary and evolutionary history. This to-scale hike will inform visitors about the chronological relationships between major events in Earth's history. This is a FREE interpretive program for all ages. Registration is required. Interested parties may register online at icampmo.com or by calling the historic site office at 636-464-2976. We will meet at the museum entrance, located at 1050 Charles J. Becker Drive in Imperial.
