Champlin Tire Recycling, Inc.

Champlin Tire Recycling, Inc. (CTRI), located in Concordia, KS, manufactures attractive picnic tables and park benches from recycled rubber and plastic material. CTRI, incorporated in May of 1992, has been manufacturing the park and recreational tables and benches since 2003. Our products are designed for year-round outdoor use, are resistant to moisture, can be enjoyed for years with minimal maintenance and are suitable for heavy use areas.

CTRI processes the recycled materials in-house for the manufacturing of its products. CTRI markets its products to City, State, and Federal clients through a combination of direct sales, conferences, mailings, company web site and Federal/State contracts.

CTRI belongs to many state and national trade associations. Through these organizations we are able to receive continued education and training in safety, environmental, operational and quality areas.
