

APPROVED BY:

Director, Missouri State Parks

AMENDED:

Date	Description	Initial

DEVELOPMENT OBJECTIVES:

- Trail Development
 - Expand trails to tie in key features.
- Develop New Service Facility
 - Acquire suitable tract for service area to include shop and compound for vehicles and equipment.
- Convert Existing Service Area
 - Reconfigure lower level of state residence into meeting rooms for staff and community use and facility storage.
- Historic Landscape
 - Selectively remove and thin vegetation from Anderson House and battlefield areas to create view shed of Missouri River that more closely resembles the mid-19th century landscape.
- Pedestrian Links
 - Coordinate with city or county efforts to provide pedestrian link(s) with community trail networks and city sidewalks.

- Reconstruct or Define Historic Features
 - Define features discovered through research (archival, archaeological) that would broaden or fill in gaps - such as summer kitchen, slave quarters, privies, other outbuildings, or landscape features associated with Anderson House or with battleground features (redoubts, entrenchments).
- Acquisition Units
 - Acquisition Unit A - Development of new service area
 - Acquisition Unit B - Inholding - Potential trail access
 - Acquisition Unit C - Inholdings - Protect park boundary
 - Acquisition Unit D - Inholdings - Limit development in park
 - Acquisition Unit E - Monument - Protect and highlight location
- Additional Battlefield Acquisitions - Properties in highlighted boundary that posses important battlefield links should be considered
