1. 2. 3. S. SIGNIFICANT EVENT DATE(S)					This two story commercial building with a flat roof has a west facing façade composed of stretcher pattern brick. The cornice line has a decorative soldier course. The second story has a brick belt course above and below two twelve pane windows. The storefront transom is made of dryvit, and the first floor entrance is offset and recessed. A glass door is flanked by three plate glass windows and a display window that is flushed with the façade. The northern part of the façade has a recessed plate glass window.
