Memories of Adventure

You can begin creating memories as soon as you enter a Missouri state park or historic site, and there are endless opportunities for adventure awaiting you. From hiking through ancient forests, to exploring a mysterious cave, to paddling on crystal-clear waters, we offer perfect places to embark on adventures that you will always remember, even if your definition of adventure is relaxing under a shade tree with a good book or learning more about Missouri's rich and varied cultural history.

TRAILS

There is no better way to find memorable adventure than by setting out on a new trail, and you'll find some of Missouri's very best trails in our state parks. More than 60 of our parks and historic sites together form an extraordinary system of trails totaling more than 1,000 miles – not just for hiking, but also for walking, backpacking, bicycling, horseback riding and paddling. Our trails offer something for virtually everyone who hears adventure calling.

HOOFING IT Walking trails provide a way for visitors of all abilities to explore state parks at their own pace, while hiking and backpacking trails take the more adventurous into some of the state's most remote and ruggedly beautiful areas. For a different trail adventure, saddle up a horse and experience a bit of what it was like for explorers and pioneers who traveled through Missouri when it was still wild and unsettled.

ROLLING ALONG Hitting the trail on a bicycle is another great way to have adventurous fun at a Missouri state park or historic site. Twenty-seven of our facilities offer trails designed for bicycles, and four parks have bicycles for rent. Biking trail surfaces vary from hard-packed and paved to natural. Mountain bikers can choose from a range of challenging trails with all types of terrain, including the bicycle pump track at Finger Lakes State Park and the skills course at Echo Bluff State Park – both favorites of avid mountain bikers. Anyone who likes getting off-road on all-terrain vehicles can find trails made especially for them at both St. Joe and Finger Lakes state parks.

PADDLE POWER Lakes and streams might not be isidered trails, but at Missouri State Parks, we think paddling along in a canoe or kayak is a great way to find adventure. Six of our parks offer water trails that visitors can use to explore what they have to offer: Finger Lakes, Ha Ha Tonka, Lake of the Ozarks, St. Joe, Stockton and Wakonda state parks.

With more than 40 state parks offering access to rivers, streams or lakes, you can find endless ways to make lifelong memories of adventure on Missouri waters. Our state parks offer a range of facilities for boaters, from full-service marinas on major lakes to simple boat ramps and docks. You can also cast off from state parks to find floating adventure on some of Missouri's best paddling streams. And, many state parks rent canoes and kayaks. Of course, some of the best memories can be made with a fishing rod in hand. From wading in a stream, to testing your fly-fishing skill against elusive trout, to relaxing on a lake bank with a worm and bobber, you can have your style of fishing fun at a Missouri state park. Then, when the hot sun threatens your summer fun, head to one of our swimming beaches to cool off and beat the heat.
