Echo Bluff State Park

**CURRENT RIVER TRAIL**

Current River Trail begins in the southernmost part of Echo Bluff State Park and connects users to the park amenities as it travels through the day-use area, across the bridge, past the Painter Ridge Trail trailhead and to the campground. The trail continues to and travels through Current River State Park to the Current River. An at-grade crossing over Highway 19 is available for hikers using the trail to connect between Current River State Park and Echo Bluff State Park. Hikers should be cautious and watch for traffic. The hike from the trailhead in Echo Bluff State Park to the Current River is 5.25 miles one-way; the section of trail within Echo Bluff State Park is 1.3 miles.

The larger vision is for the trail to become a long distance trail expanding south from Echo Bluff State Park trailhead and using a section planned through the Ozark National Scenic Riverways to connect to Roger Pryor Pioneer Backcountry and to the Ozark Trail. The proposed trail section within the Ozark National Scenic Riverways will follow the Current River corridor so hikers can experience the rugged Ozark landscape and catch impressive views of the Current River.

**Distance:** 5.25 Miles

**Uses:**
Hiking [x]

**Blazes:**
Orange

**Class:** Linear

**Surface Type:** Gravel, Natural, Paved/Concrete

**Trail Rating:** Rugged

**Estimated Hiking Time:** 5 Hours, 14 Minutes

**Trailhead & GPS Location:**
37.30437, -91.40384

Elevation profile is not available

You may experience:

2) Natural Surface-dirt/mud/gravel, shifting rock, slippery surface, etc.
3) Rocks, roots and/or downed vegetation on trail
4) Low-hanging vegetation
6) Wood or stone steps
7) Steep grades and inclines more than 10%
8) Bluffs or drop-offs next to trail
10) Water/stream crossings without bridges
12) Road/highway crossing
### Points of Interest

- Telephone
- Water Fountain
- Water Access
- Interpretive Shelter
- Intersection
- Lodging / Cabin / Camper Cabin
- Emergency Response / First Aid
- Visitor Center / Orientation Center
- Check Station / Park Office / Ranger Office
- Special-Use Camping Area
- Backpacking Trail
- Multi-section Trail
- Multi-loop Trail
- One Way Trail
- Loop Trail

### Trail Blaze Colors & Surface Types

**Red**
- Natural surface: dirt, mud, gravel, shifting rocks, slippery surface, etc.
- Rocks, roots, and/or downed vegetation on trail
- Low-hanging vegetation
- Physically challenging obstacles
- Wood or stone steps
- Steep grades and inclines over 10%
- Bluffs or drop-offs next to trail
- Bridges and/or structural crossings
- Water/stream crossings without bridges
- Occasional water over trail
- Road/Highway crossing
- Emergency response signs
- Narrow passages
- Raised or protruding obstacles
- Electric fence crossings
- Bison/elk
- Rapidly changing weather conditions
- Motorized boat traffic
- Unexpected waves
- Changing water levels
- Surface or submerged objects

**Orange**
- Gravel, shifting rocks, slippery surface, etc.
- Obstacles
- Downed vegetation on trail
- Water crossings over 10%
- Downed vegetation

**Yellow**
- Pavement

**Green**
- White Connector
- Shared Tread

**Blue**
- Natural
- Paved

**Brown**
- Boardwalk

**White**
- Water

**Brown**
- Hardened-surface bicycling trail

**Red**
- Accessible

### Trail Use

- Hiking Trail
- Backpacking Trail
- Mountain Biking Trail
- Equestrian Trail
- Accessible
- Hardened-surface bicycling trail
- Paddling Trail
- Off-road vehicle (ORV) Trail
- Motorized boating trail
- Wagon acceptable trail
- Interpretive Trail
- Fitness Trail
- Interpretive Water Trail
- Wildlife viewing Trail

### You May Experience

- Slippery conditions and/or downed vegetation
- Natural surface: dirt, mud, gravel, shifting rocks, slippery surface, etc.
- Rocks, roots and/or downed vegetation on trail
- Low-hanging vegetation
- Physically challenging obstacles
- Wood or stone steps
- Steep grades and inclines over 10%
- Bluffs or drop-offs next to trail
- Bridges and/or structural crossings

- Emergency response signs
- Narrow passages
- Raised or protruding obstacles
- Electric fence crossings
- Bison/elk
- Rapidly changing weather conditions
- Motorized boat traffic
- Unexpected waves
- Changing water levels
- Surface or submerged objects

### Estimated Hiking Time

The estimated hiking time was determined by considering the average user’s speed and the conditions that might be experienced on a specific trail. Your speed may be slower or faster than the time listed.

### Natural Areas / Wild Areas

**Natural areas** are identified in brown. Natural areas are recognized as the best remaining examples known of Missouri’s original natural environments. Missouri State parks have 38 designated natural areas, encompassing almost 22,000 acres.

**Wild areas** are identified in brown. The Missouri Wild Area System is made up of large tracts of land set aside as wilderness, which make the perfect setting for hiking and backpacking. A wild area must be 1,000 or more acres in size, show little impact from humans, and possess outstanding opportunities for solitude. They are strictly protected for their wilderness benefits as well as for their use for environmental education and scientific study.

### GPS Coordinates

There are several methods of communicating GPS coordinates. Most GPS units will convert from one coordinate system to another. If you require a different coordinate system for your unit, visit [dnr.mo.gov/gisutils/](http://dnr.mo.gov/gisutils/) to convert the coordinates shown on this map to another version.
