

Hawn State Park Accessibility Information

The symbol  indicates that the specified area is fully compliant with Americans with Disabilities Act Accessibility Guidelines (ADAAG).

White Oak Trailhead

The first amenity past the park entrance sign is the White Oak Trailhead. While the trail itself isn't accessible, an accessible vault toilet is here for your convenience. Parking is packed gravel with a 3 percent cross-slope.

Park Office Area

Four parking spaces in front of the park office are mostly level and paved. A pathway leads to a kiosk, where you can obtain information when the office is closed. The path to the office has a 6.6 percent slope.

A paved pathway near the exit leads to an observation deck in the midst of the pine trees. A handicap parking space is adjacent to the path for easy access.

Picnic Area

Tucked in among large pine trees, the picnic area provides an accessible shelter, picnic site and vault toilet. A paved pathway that includes a water fountain and information board ties the amenities together. The shelter accommodates 105 people and has a group grill. The picnic site provides a pedestal grill. The playground has a gravel base; however, a paved path leads to a seating area and a second picnic site adjacent to it.

Campground

This shady campground offers one electric and two basic accessible sites, which provide an extended-end table, fire ring and lantern post. All areas of the campground have accessible water hydrants and vault toilets.

The playground has a gravel base, however, a paved path and seating area allow for observation.

The showerhouse has one handicap parking space with a paved path leading to the entrance. A public phone with volume control is located in the breezeway next to the information board. Individual shower rooms are designed to be accessible to all visitors. The spacious restrooms have accessible lavatories with lowered mirrors, side-transfer toilets and electric hand dryers.

The accessible laundry area is a nice, open room with a set of top-operated machines, a utility sink and a small folding area.

The barrier-free dump station is on the main road above the campground and across from the park office. Potable water is not available at this location.
