

# Wakonda State Park Accessibility Information

The symbol  indicates that the specified area is fully compliant with Americans with Disabilities Act Accessibility Guidelines (ADAAG).

## **Park Office**

The park office is located just inside the park entrance with level parking for cars and recreational vehicles (RVs). One handicap space offers easy access to the front door. A bench and accessible water fountain are available outside near the public telephone.

## **Picnic Areas**

Individual picnic sites are scattered along the main park road.

In the beach area, shady sites may be accessed over mostly level turf and have extended-end tables on wood plank bases with a pedestal grill provided. Parking is level and paved.

In the playground area, two sites have paved pathways and pads with extended-end tables and pedestal grills. One paved handicap parking space is available. The playground has a sand base and is not accessible at this time.

## **Beach**

The beach house has four handicap parking spaces with paved pathways to both the upper and lower levels. The upper level contains vending machines and provides a shady place to sit and relax, overlooking the beach. The restrooms have side-transfer toilets, lever-handled faucets and electric hand dryers. Railed steps lead from the upper level to the lower level, where the changerooms are located. Again, there are side-transfer toilets and lever-handled faucets with plenty of maneuvering room. Roll-in showers with hi/lo showerheads are also available. Paved pathways lead past an accessible water fountain to the large sand beach.

## **Campground**

The campground provides four electric accessible campsites. All have paved pads, extended-end tables, fire rings, pedestal grills and lantern posts, with water hydrants conveniently located.

The showerhouse offers easy access with two handicap parking spaces adjacent to the building. There is plenty of maneuvering room both inside and out with amenities like lever-handled faucets, lowered mirrors, side-transfer toilets and electric hand dryers. Outlets are also within reach. The showers have hi/lo showerheads and a seat with grab bars and can accommodate a wheelchair. At the other end of the campground loop, an accessible vault toilet is available.

The dump station, located adjacent to the showerhouse, is level and without curbs.

## **Agate Lake Boat Ramp**

This level, paved parking lot offers two handicap parking spaces adjacent to the accessible vault toilet. A system of paved pathways leads to the toilet, a shady picnic site and the courtesy dock.

Missouri Department  
of Natural Resources  
Division of State Parks

## Wakonda State Park Accessibility Information

The courtesy dock provides a railed ramp and a space for boat access. The picnic site is paved with an extended-end table and pedestal grill, shaded by an old cottonwood overlooking the lake. The boat ramp is accessed via the parking lot, where staging also takes place. The single-lane ramp is paved to normal pool and is an average 10 percent slope.

### **Wakonda Lake Boat Ramp**

The paved parking lot is on a 4 percent average slope with a paved ramp of 8 percent. The courtesy dock provides a railed ramp.

### **Trails**

Jasper Lake Trail is a level, hard packed track for about one-half mile. Parking is on coarse gravel and a drainage swale must be crossed.
