

Ha Ha Tonka State Park
Public Information Meeting

Date: July 14, 2023 6 p.m. @ Lake Shelter

Format: Town Hall

Agenda: Attached talking points and outline

Presentation: Project & Event Photo Slideshow

Participants: 0 but we did have one neighbor show up and say Hi as we were packing up

Local Officials Invited: Camdenton Board of Alderman, Camdenton Mayor, All 3 Camden County Commissioners

Local Officials in Attendance: 0

State Officials Invited: Representative Knight, Representative Thomas, Senator Bernskoetter

State Officials in Attendance: 0

Stakeholders Invited: Missouri Master Naturalists, Lake of the Ozarks Water Shed Alliance

Stakeholders Attended: 0

Media: 0

Information Presented: none, no attendees were present for the presentation. The neighbor who stopped by said we were doing great though!

Other observations: Even with no attendance, we feel good about where the park is at both in its appearance and how the public perceives it. With the large Spring Mitigation Project just completed and the delays involved, to have little to no negative comment or concern was great.
